

**MAD SOAPS**

SAFETY DATA SHEET

Prep Potion

1. IDENTIFICATION

Product Identifier	Prep Potion
Product Code / SKU	MAD-PREP-028
Recommended Use	Surface preparation and panel wipe for marine and automotive detailing. Removes polishing oils, fingerprints, silicone residue, and contamination prior to ceramic coating, sealant, or wax application.
Restrictions on Use	Professional / industrial use only. Not for consumer or food-contact applications.

Supplier / Distributor

Company	MAD SOAPS Inc.
Address	2830 Solomons Island Rd, Edgewater, MD 21037
Phone	(833) 623-7627
Email	marketing@madsoaps.com

Emergency Contact

24-Hour Chemical Emergency	CHEMTREC: 1-800-424-9300 (USA / Canada)
-----------------------------------	---

2. HAZARD(S) IDENTIFICATION

Classification

GHS: Flammable Liquid — Category 2; Serious Eye Irritation — Category 2A; Specific Target Organ Toxicity (Single Exposure) — Category 3 (respiratory irritation, CNS depression).

Label Elements

Pictograms

GHS02 — Flame

GHS07 — Exclamation Mark

Signal Word: **DANGER**

Hazard Statements

H225 — Highly flammable liquid and vapor.

H319 — Causes serious eye irritation.

H335 — May cause respiratory irritation.

H336 — May cause drowsiness or dizziness.

Precautionary Statements — Prevention

Wear protective gloves, eye protection, and face protection. Wash thoroughly after handling. Do not eat, drink, or smoke when using this product. Use only outdoors or in a well-ventilated area. Keep out of reach of children.

Precautionary Statements — Response

IF ON SKIN: Wash with plenty of water. Remove contaminated clothing and wash before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation persists. IF INHALED: Remove person to fresh air. Get medical attention if symptoms occur. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call POISON CENTER: 1-800-222-1222 or doctor.

Precautionary Statements — Storage

Store in a cool, well-ventilated place. Keep container tightly closed. Store locked up.

Precautionary Statements — Disposal

Dispose of contents and container in accordance with applicable federal, state, and local regulations.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Name	Synonyms	CAS No.	Concentration
Isopropyl Alcohol	Isopropanol; 2-Propanol; sec-Propyl Alcohol	67-63-0	70%
Proprietary blend (surfactants / additives)	Withheld as Trade Secret	Withheld	< 5%
Water	Aqua	7732-18-5	Remainder

Concentrations are percent by weight. The specific chemical identity and exact concentration of one or more components has been withheld as a trade secret in accordance with 29 CFR 1910.1200(i). Hazard information for all components has been disclosed in this SDS. No carcinogens (OSHA, NTP, or IARC) are present in this product.

4. FIRST-AID MEASURES

Eye Contact	Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do. Continue rinsing. Get medical attention.
Skin Contact	Wash with plenty of water. Remove contaminated clothing. If irritation occurs, get medical attention.
Inhalation	Remove person to fresh air. Get medical attention if symptoms persist.
Ingestion	Rinse mouth. Do NOT induce vomiting. Call POISON CENTER (1-800-222-1222) or doctor immediately.
Most Important Symptoms	Eye, skin, and respiratory irritation. Severe burns possible with prolonged contact. Tissue damage possible.
Indication of Medical Attention	Treat symptomatically. Symptoms may be delayed.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media	Water spray, carbon dioxide (CO ₂), dry chemical, or alcohol-resistant foam.
Unsuitable Extinguishing Media	Do not use a solid water stream; it may scatter and spread the fire.
Specific Hazards	HIGHLY FLAMMABLE liquid and vapor (flash point 12 °C / 54 °F). Vapors may travel to an ignition source and flash back. Burning produces oxides of carbon.
Special PPE for Firefighters	Full structural fire-fighting protective clothing. SCBA in enclosed spaces.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Use appropriate PPE (see Section 8). Isolate the spill area. Keep unauthorized personnel away. Avoid contact with skin, eyes, and clothing.

Environmental Precautions: Prevent entry into waterways, sewers, basements, or confined areas. Do not contaminate water sources or sewers.

Containment & Cleanup: Small spills: absorb with inert material (sand, vermiculite, earth). Large spills: dike to contain. Pump or transfer to approved waste containers. Clean spill area thoroughly with water.

7. HANDLING AND STORAGE

Safe Handling: Avoid contact with eyes, skin, and clothing. Avoid breathing mist or spray. Wash hands thoroughly after handling. Do not eat, drink, or smoke when using.

Safe Storage: Store in a cool, well-ventilated place. Keep container tightly closed. Protect from freezing and high heat. Keep out of reach of children.

Incompatible Storage: Strong oxidizers, acetylene, acids (sulfuric), chlorine, hydrogen peroxide, isocyanates, aluminum.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Use local exhaust ventilation as needed to keep airborne levels below applicable exposure limits. Provide an eyewash station and safety shower in the immediate work area.

Personal Protective Equipment (PPE)

Eye / Face: Chemical splash goggles. Full face shield where splash risk exists.

Hand: Chemical-resistant gloves (neoprene, nitrile, or butyl rubber).

Skin / Body: Chemical-resistant apron or full protective clothing.

Respiratory: Not normally required with adequate ventilation. If exposure limits may be exceeded, use NIOSH-approved respirator.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance / Odor	Clear liquid, alcohol odor
Color	Colorless
pH	~7 (neutral)
Specific Gravity	0.79 at 20 °C
Boiling Point	82 °C (180 °F)
Flash Point	12 °C (54 °F) — Closed Cup
Vapor Density (air = 1)	2.1 (air = 1)
Evaporation Rate	2.8 (n-butyl acetate=1)
Viscosity	~2 cP at 20 °C
Solubility in Water	Miscible with water

10. STABILITY AND REACTIVITY

Reactivity	No dangerous reaction known under normal use conditions.
Chemical Stability	Stable under normal storage and use conditions.
Possibility of Hazardous Reactions	None expected under normal use.
Conditions to Avoid	Extreme temperatures (freezing or high heat). Direct sunlight.
Incompatible Materials	Strong oxidizers, acetylene, acids (sulfuric), chlorine, hydrogen peroxide, isocyanates, aluminum.
Hazardous Decomposition Products	None under normal conditions. Thermal decomposition may release oxides of carbon.

11. TOXICOLOGICAL INFORMATION

Routes of Exposure: Inhalation, eye contact, skin contact, ingestion.

Skin Corrosion / Irritation: Causes severe skin burns.

Serious Eye Damage / Irritation: Causes serious eye damage.

Sensitization: Not classified as a skin or respiratory sensitizer.

Carcinogenicity: Not classified by IARC, NTP, or OSHA.

Reproductive Toxicity: Not classified.

Reproductive Toxicity: Not classified.

STOT (Single Exposure): May cause respiratory irritation.

Acute Toxicity Data: Detailed LD50/LC50 data on individual components available on request from the manufacturer.

12. ECOLOGICAL INFORMATION

Ecotoxicity	May be harmful to aquatic life at concentrated use levels. Do not release to waterways.
Persistence / Degradability	Readily biodegradable surfactant components. Inorganic components persist in environment per their chemistry.
Bioaccumulative Potential	Low.
Mobility in Soil	High (water-miscible).

13. DISPOSAL CONSIDERATIONS

Product Disposal: Dispose of contents and container in accordance with all applicable federal, state, and local regulations. Do not pour down drain or into waterways.

Contaminated Packaging: Empty containers retain product residue. Triple-rinse before recycling or disposal per local regulations.

14. TRANSPORT INFORMATION

Proper Shipping Name	Isopropanol (Isopropyl Alcohol)
UN Number	UN1219
Hazard Class	3 (Flammable Liquid)
Packing Group	II
Marine Pollutant	No

15. REGULATORY INFORMATION

U.S. Federal Regulations

TSCA: All ingredients are listed on the TSCA Chemical Substance Inventory.

SARA 311/312 Hazard Categories: Acute Health Hazard; Reactive Hazard.

State Right-to-Know

California Proposition 65: This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm at reportable levels.

State RTK Lists: Isopropyl Alcohol (CAS 67-63-0) is listed on the New Jersey, Massachusetts, Pennsylvania, and Rhode Island Right-to-Know substance lists.

16. OTHER INFORMATION

NFPA 704 Hazard Rating

Health: 1 **Flammability:** 3 **Instability:** 0 **Special:** —

Rating scale: 0 = Minimal; 1 = Slight; 2 = Moderate; 3 = Serious; 4 = Severe.

HMIS Rating

Health: 1 **Flammability:** 3 **Physical Hazard:** 0 **PPE:** C

Revision History

Issue Date	June 4, 2026
Version	1.1 (revised October 20, 2026: Section 5 fire-fighting corrected)
Prepared By	MAD SOAPS Inc.
